

INTEGRITY MOTOR YACHTS

THE GRAND SEDAN RANGE

Starting with the 460 and 490 models, the Grand Sedan range from Integrity Motor Yachts offers a variation on the traditional layout and extra refinement in the finishes from the existing Integrity range. A new hull design offers the option of varied engine models, whilst maintaining the performance, security and stability offered across the Integrity range. The rearranged saloon, galley and helm areas still feature the open plan entertaining style layout, but with a few design

enhancements to create an inviting comfortable living space. Below decks emphasis is placed on spacious accommodation with full walk around beds a feature.

The Grand Sedan range from Integrity also features the option of a few additional personal touches, with levels of customisation offered to enhance your boat ownership experience. For more information on the Grand Sedan range talk to your local Integrity Motor Yachts Dealer today.
