

LeisureCat ***9000 Kingfisher***

Can easily accommodate a game chair and gives clear rear vision to helmsman

The LeisureCat 9000 Kingfisher lends itself to easy extension to 10m.

It has a wide, 3.1m beam. The single-piece windscreen gives exceptional vision forward and the wide hulls easily cater for inboard diesels with stern drives or twin outboards.

It has raised coamings to the cockpit, huge twin 500 litre removable fish boxes, twin 600 litre fuel tanks and 240 litres of fresh water, yet dry weight is only 3200 kg. Lined interiors, sliding side windows, deck wash, transom shower, electric anchor winch are among standard features.
