WILLIAMS PERFORMANCE TENDERS ARE THE WORLD'S LEADING JET TENDERS

Every inch of the Williams Sportjet has been designed to work perfectly as both a tender and a ski boat, or as a standalone boat for weekend wakeboarding. The jet engine is clean, quiet and safe with no exposed moving parts. A large aft platform and bathing ladder make it easy to get in and out with your gear, and a removable ski pole comes as standard. Rear-facing seats mean passengers can watch the action, and there's the option to add a sound system for skiing to your favourite tunes.
