

Contrast

16m Luxury Expedition Aluminium Catamaran

\$2,900,000.00 +GST

This newly built custom designed Aluminium Catamaran is a very impressive vessel which offers luxury with a practical, open plan layout. The vessel has been designed for minimum maintenance and reliability.

As soon as you board Contrast you get the feeling of spaciousness with the huge back deck seamlessly moving through the bi-fold doors into the open plan galley and lounge area. The seating around the expansive 2.8m Island bench together with the wrap around leather lounge is great for entertaining. The finish on the vessel is modern, light, fresh and very practical. You also have the option of driving Contrast from the steering station situated in the forward galley/lounge on the main deck which allows you to enjoy your family and friends company.

The internal stairs lead up to the Flybridge which has two helm chairs facing the steering station with state of the art Raymarine electronics and wraparound leather seating in the forward section of the wheelhouse. Enjoy easy access to the bow through side wheelhouse doors. Also the bifolds on the back of the wheelhouse open up onto an expansive upper deck entertaining area.

Accommodation below deck comprises four spacious cabins. The forward two cabins have queen beds with ensuites and the aft two cabins are well laid out with four single bunks in each which provides sleeping for twelve passengers. A drop down table in the centre of the main lounge settee could easily be installed to provide for an additional king size bed in the saloon if required. There is also a single bed in the wheelhouse.

Contrast was built to Australian NSCV Charter Survey in 1B for 22 passengers with no expense spared.

This vessel runs two 464 HP Yanmar CXBM main engines coupled up to ZF-2861 V-Drive gearboxes. She also has two Onan 13.5 KVA Gensets and two Stella desalination plants for unlimited fresh water during long trips. Contrast has 5,600 ltrs of fuel, a maximum speed of 23knots, cruises at 15 knots and has a 1,500 mile range at 9-10 knots. This very well appointed vessel has unlimited potential for multiple applications, including commercial charters up the WA Coast through the Kimberley's and around Australia or overseas. This special expedition vessel was built for extended cruising around Australia as a pleasure boat for the personal enjoyment of her owners, family and friends or can be utilised for executive charters.

Contrast will impress the most discerning buyer of a new vessel and is listed for \$2.9m plus GST which is well under her recent build cost.
