BRIG Eagle 8 - take it to the next level

Bristling with the latest design and technology, the new Eagle 8 explores new ground in the medium to large RIB market. Offering a fantastic combination of luxury and performance, this new 8m vessel is built in Europe using world's best practices, featuring UV resistant Hypalon® tubes, the BRIG Eagle series is widely regarded as Australia's leading range of luxury rigid inflatables. This highly optioned vessel offers everything that you could ever need for those extended day trips, when combined with exemplary handling and performance, makes the Eagle 8 a true leader in its class.
