- 3 drawers, 1 of which with cutlery tray
- 1 storage cupboard on worktop with one drawer
- 1 x 144L cold storage volume with drawers using 12V cold system
- 1 grand placard au-dessus meuble froid
- Lighting by LED spotlights
- 1 large storage cupboard on the port side worktop that can accommodate a gaz oven (optional)

A-2-3 Chart table

- Wooden chart table and storage with flap cover
- High navigation instrument console
- 12V Electric panel
- One 12V electric outlet
- Lighting via 1 spotlight & 1 reading lamp for the chart table

A-3 Interior Layout: « Quatuor » version

A-3-1 PORT HULL : 2 twin cabins + 2 bathrooms

A-3-1.1 Companionway

A companionway forward of the saloon gives access to the port hull

- Wooden staircase
- Lighting via 2 spotlights
- Light switch

A-3-1.2 Aft cabin

- Access from the companionway via a wooden door
- Queen-size Island Bed (1,55 x 2 m approx.)
- Drawer below the bed with frontal access
- Bedside shelves
- Wardrobe
- Cupboard with shelves
- Ventilation via a deck hatch + and 1 hull porthole
- Rear panoramic window
- Large picture-window on hull side
- Curtains on all windows
- 2 Coat hook
- General lighting by 2 LED spotlight and 2 bedside reading lights
- Lining covered ceilings
- Two way light switches

A-3-1.3 Fore and aft bathroom

- Access by wooden door from the cabins
- Washbasin with worktop and mirror
- Hot and cold water by mixer tap and integrated shower unit
- Shower with electric drainage pump
- Manual toilet
- 2 Coat hooks
- 1 storage unit under the washbasin
- Ventilation by 1 deck hatch
- Lighting by 1 LED spotlight

A-3-1.4 Fore cabin

- Access by the wooden door in the passageway
- Double bed (1,55 x 2 m approx.)
- 1 drawer under the bed with front access
- 1 hanging cupboard
- 1 shelving on side of bed
- 1 Coat hook
- Ventilation via 1 hull porthole + deck hatch
- Large picture-window on hull side
- Curtains over all the openings
- General lighting by 1 LED spotlight and 2 bedside reading lights
- Lining covered ceilings

A-3-1.5 Forepeak

- Access from a deck hatch
- Gel-coat finish
- Buoyancy tank under half-height shelf

A-3-2 STARBOARD HULL : 2 twin cabins + 2 bathrooms

A-3-2.1 Companioway

A companionway aft of the saloon gives access to the starboard hull

- Wooden staircase
- Lighting via 2 spotlights

A-3-2.2 Aft cabin

- Access from the companionway via a wooden door
- Queen-size Island Bed (1,55 x 2 m approx.)
- Drawer below the bed with frontal access
- Bedside shelves
- Wardrobe
- Cupboard with shelves
- Ventilation via a deck hatch + and 1 hull porthole
- Rear panoramic window
- Large picture-window on hull side
- Curtains on all windows
- 2 Coat hook
- General lighting by 2 LED spotlight and 2 bedside reading lights
- Lining covered ceilings

- 1 clutch for mainsail sheet
- 1 clutch for the mainsail halyard
- 3 clutch for the reef lines
- 1 Ball bearing mainsheet traveller
- 2 x tackle on mainsheet traveler clutches with back on roof
- 2 x genoa tracks with load block
- 2 genoa sheets
- 2 size 50 Self-tailing winch for genoa sheet and mainsail halyard
- 1 size 45 Self-tailing winch for mainsail sheet and traveller

G-2 Steering system

- 2 foam sandwich rudders on stainless steel rudder stock
- steering control system by « pull/pull » cables
- Rudders linked mechanically by stock arm + transversal tube
- Aluminum stern tubes
- Self lining upper and lower rudderstock bearings
- Emergency tiller (starboard engine room)

G-3 Other equipments

- Steering wheel with leather sleeve
- 1 steering compass
- 2 winch handles with their 2 pockets
- 2 stainless steel tender davits with 1 x size 40 winch on port side (max load 100KG)
- Pulpit and pushpit, stanchions with upper and lower guardrails
- 1 sternladder on starboard transom (accessible in manoverboard condition)
- 1 Liferaft support accessible in capsized condition
- 1 Liferaft storage space under helm station stairs
- 7 stainless steel mooring cleats (2 foredeck + 2 middle + 2 astern + 1 in anchor well)
- 6 fenders
- 2 x 50 ft long mooring lines
- 1 x 1000W electric windlass with circuit breaker protection
- 1 roller fairled on forward beam
- Anchor fairlead under bridge deck with built-in bridle
- Trampoline net on foredeck
- 1 kit of spare parts

H Construction

H-1 Construction materials and processes

- Vinylester anti osmotic first skin on hulls
- Hulls build using infusion process with high quality anti osmotic polyester resin on balsa core
- E glass skins on all GRP parts
- RTM/Injection molding on PET core for the flybridge and deck
- Infusion molding on PVC core for the structural bulkheads
- Grey topcoated bilges
- White gelcoat deck with built in anti skid surface
- GRP keels bonded into keel boxes, anti flooding system in case of going aground

Toutes les dimensions sont données à titre indicatif.
