

## 37' Oyster Heritage Hull # 2

Built in Norfolk, England by Landamores Yacht Builders in 1984, she is a Don Pye and Kim Hollman design which will comfortably take you out for twilight races, weekend sails, a short holiday, or around the world. We have owned her for nearly four years and she has had quite an extensive refit in that time.

With a fully encapsulated, three quarter keel and skeg hung rudder, tough seas are what she has been designed to deal with. The folding propeller ensures maximum efficiency and least amount of drag when under sail. The Hull has Copper Coat anti-foul at present which will provide a few more years of service. Her rig is regularly inspected and all in date for insurance purposes. The inboard diesel engine is well looked after and provides enough thrust to get her moving on those days where the wind is not ideal. She is a seasoned cruiser, having sailed from Southampton in the United Kingdom via the Panama Canal to Australia with her previous owners. She is now fully imported and registered as a Queensland Vessel. She has six berths. She has a beautiful wooden interior with good headroom and lots of storage for food and other personal items.

### **Construction:**

White GPR hull and deck with blue trim  
Deck laid with tread master on slip mid-blue panels  
Aluminium toe tail  
Wooden rubbing strake  
Encapsulated Fin Keel  
Wheel steering with emergency Tiller  
Hull fully copper coated in 2015

### Engine:

Engine make: Volvo Penta  
Engine model: MD2040  
Drive type: Shaft drive  
Engine Year: 2003  
Power: 40hp  
Propeller type: 3 blade, feathering

### Inventory:

V-Berth Cabin with under bunk storage  
Saloon seating around Folding Saloon Table  
Saloon storage behind sliding cupboards and behind seat backs  
Convertible bed configuration in saloon on port side with lee sheet  
Starboard side saloon single berth with lee sheet  
Aft 3/4 berth

ST7001 Raymarine Autopilot readout and Controller with Autohelm Linear Drive  
ST60 Raymarine Wind readout and Transducer  
ST60 Raymarine Boat Speed readout and Transducer  
ST60 Raymarine Depth readout and Transducer (transducer replaced 02/2019)  
Raytheon Radar Antenna (monitor needs replacing)  
Stand-alone Garmin chart plotter at Helm station (Brand New 08/2020)  
Windex Wind Indicator mounted at the top of the mast  
Plastimo binnacle mounted, fluid filled Compass  
Radar reflector  
Vesper Marine AIS Transponder with programable alarms and anchor watch  
iCOM VHF Marine Radio (IC-M423)  
Anchor light with built in tricolour  
Deck Light  
Steaming Light  
Port, Starboard and Stern Lights

Burke Bosuns Chair (Brand New 12/2020)

Whale Gulper 220 diaphragm emergency bilge pump with audible and visual alarm (all hoses replaced 01/2021 pump serviced May 2021)

Rule emergency bilge pump with audible and visual alarm

Henderson manual emergency bilge pump located near helm station (Serviced 06/2019)

Plastimo 4 person Life Raft (Requires Service)

Flares EXP. 12/2021

Ocean Signal EPIRB EXP. 05/2030

Horseshoe Life Ring with water activated strobe LED light, mounted at the stern

2x Life Jackets with various spare parts

2x Harnesses and Lanyards

Various Harness clip on points

Port and Starboard Jack-lines run from bow to stern

Raw water pump overhauled (09/2019)

Parker Racor 500MA fuel filter and water separator with backup CAV fuel filter and 3 way selector (Installed 02/2019)

SeaSure Raw Water Filter with Vetus anti-siphon loop (hoses replaced 09/2018)

Exhaust Elbow replaced with stainless steel (01/2019)

Engine Heat Exchanger End Caps replaced (01/2019)

Gearbox Heat Exchanger Elbows replaced

Engine Blower Fan (11/2019)

Engine Thermostat and coolant hoses replaced (01/ 2019)

All four Engine Mounts replaced January 2021

Flexible coupling and cutlass bearing replaced 05/2020

Shaft driven, three blade Max Prop Folding Propeller

Calorifier for fresh hot water, heated by engine (can be isolated if necessary) and 240V option

Approximately 220 litre diesel tank with analogue fuel indicator gauge

Mercury 4 Stroke 3.5HP Outboard Engine. Approximately four years old

Porta-Bote foldout dingy with oars and sand anchor new 01/2020

Kemp/Selden Mast

Selden 304S Headsail Fuller System (Brand New and installed 09/2019)

Replaced Mast Lower Shrouds 06/2020

Selden Rod-kicker with gas strut assist

Sanders Sails Main Sail with 2 reefing points (serviced by Evolution Sails, Goldcoast, QLD 12/2021)

Harken ball bearing track on mast

Harken ball bearing traveller

Optional single line reefing

Canvas Bag for Mainsail with Lazy-Jack setup

Sanders Sails 130% Head Sail (serviced by Evolution Sails, Goldcoast QLD -December 2021)

North Sails Symmetrical Spinnaker with Snuffer (Brand New 02/2020)

Harken quick Car setup on Headsail for easy adjustment

Hanked on Stay sail

Hanked on Storm Jib

Detachable Inner Forestay

9x Lewmar, 2 speed winches (4 on mast)

1x Antal, 2 speed winch

Various spare parts for engine and other mechanical equipment.

Comprehensive inventory of Double Braid Halyards and Sheets

Various rigging spares

DC260-12 12Volt Deepriver 260Ah Deep Cycle AGM House battery (Replaced 09/2018)

Alco 74Ah 680CCA Engine start battery (Replaced 04/2020)

Switchable diode splitter for seperate charging

Adverc Engine/House Battery management system

Victron Energy BMV-600 Battery Monitor

Victron Energy MPPT 100/30 Blue Solar Charge Controller with Bluetooth interface  
DM195 195 Watt, 45.8 Volt Solar Panel mounted on Bimini  
Projecta 240V Battery Charger  
Fusion MS-RA70 FM Stereo with Bluetooth connectivity (Brand New, Installed 07/2019)  
2 Speakers in cabin and 2 speakers in cockpit

Rocna 25KG/55lb Working Anchor (Brand New, Installed 04/2019, Re-Galvanised 11/2021)  
2 Spare Anchors (Danforth and CQR Plough)  
850 Watt Electric Forward and Reverse Windlass Anchor Winch  
50 metres of PWB-7, 10mm chain (Brand New 04/2019 - Re-Galvanised 11/2021)  
30 metres of 14mm nylon rode

Built in fridge with 12V Danfoss compressor and under-hull mounted heat exchanger.  
2 Burner LPG Stove, Oven and Grill with flame out isolation  
BEP Marine Gas Detector with auto shutoff solenoid (Replaced 03/2020)  
2x 1.25 LPG Gas bottles, 2 plumbed in and 2 spare  
Fresh water tap in Galley with option for hot water supply from Calorifier  
Salt Water plunger tap in Galley  
2x 200 Litre Fresh water tanks located under saloon bunks  
Jabsco Par-Max 1.9 Automatic pressurised fresh water pump and inline filter  
Whale Gulper Galley and Head sink diaphragm drain pumps (hoses replaced 08/2020)  
LED lighting setup throughout the vessel  
3x Sirocco 12V Fans  
Built in USB Ports and cigarette lighter style 12V output plugs including near berths and in cockpit.  
2x Anderson Style 12 volt connection points  
Airhead composting toilet  
Vanity cupboard storage  
Folding cockpit table  
Enclosed all weather cockpit clears and Canvas Dodger and Bimini  
Perspex door panels and lockable sliding companion way hatch  
Various pilot guides and reference books
