Navigation Gear	Autohelm boat speed, Wind and depth instruments, Autopilot with electric ram to quadrant, Maxsea laptop, GPS
Ground Tackle	New 45lb Mason with 80m x 10mm chain,
Capstan	Maxwell with remote
OTHER FEATURES	
<p>Designed by Sparkman & Stephens, This Swan 38 was built in 1974 by Nautor of Finland to exceptionally high standards giving a solid feel of comfort and safety. She is a tall rig version adding to her upwind and light airs performance. There are plenty of winches for sail handling, wheel steering, and Autohelm instruments. She is a surprisingly comfortable boat. Adequately ballasted, with elliptical hull sections forward, she will surge in heavy seas instead of crashing. A fold-away main saloon table allows the saloon to be used for entertaining or folding sails.</p> <p>All seacocks, external canvas covers, Manson 45lb anchor, and stern gland new 2021. Just been anti-fouled.</p> <p>For more information contact Rob White on 027 3322535.</p>
