Description

Look at this incredible opportunity to own a proven and beautifully looked after ocean going Roberts 56.

This stunning vessel was built in Auckland, New Zealand from the Roberts 53 design, she was built to Ocean going spec, with a Triple Diagonal planked hull, and a double Marine Ply deck. Since her launch in September 1981, she has undergone extensive rebuild work, both mechanically and her hull has also been meticulously maintained with thousands spent with her current custodians. I mention custodians, because this beautiful yacht, in the right hands will long out live many generations to come.

Recently in 2018 she was fitted with a brand new Turbo Charged Yanmar 110hp, and also features many must haves including:

- Brand New Boom Bags May 2020
- Brand New Screen Covers 2020
- 7.5 Onan Generator
- Rigging replaced in 2015
- Electric Cockpit and Halyard Winches
- Raymarine Electronics and Navigation Package
- Course Master Auto Pilot
- Complete Set of new Batteries in 2019
- Huge Freezer and Fridge Capacity
- Holding tanks and Macerator System
- New Electronics and Wiring System
- New Stainless Steel Davit system

This gorgeous Small Ship, is a must to inspect especially for any serious blue water cruisers or any families looking for a very special home away from home.

'L'Etiuscan' - meaning - (The First People to Navigate by the stars) is ready for you to step aboard and become her next custodians, for further information or to organise a viewing of this beautiful yacht, please contact us today.
