So, is this for you...a Maritime career, managing and running a Commercial Charter Boat operation?

All At Sea Charters commenced charter operations in 2002 providing services on a 34' flybridge cruiser with excellent facilities, safety and range. We arrange sport fishing and pleasure cruising from Port Hacking, Botany Bay or Sydney Harbour as well as specialised tours along the eastern coast of Australia.

Corporate service is one of our specialties where we combine cruising, sport fishing, swimming at selected wonderful beaches or just visiting interesting places in our harbours.

In addition to inshore, local reef and off-shore reef fishing trips, we also travel to the Continental Shelf for serious sport fishing, often striking Marlin, Skipjack Tuna, Yellowfin Tuna and Dolphin Fish.

Our rates are competitive but we also offer services above what is standard in the industry.

We are one of a few Fishing Charter Services in Sydney accepting individual reservations. We do the work of making up a small team with similar interests on a suitable day. Most other operators do groups only.

Please refer to our Redballoon page for more details and customer reviews;

<https://www.redballoon.com.au/product/fishing-trip-offshore-reef-including-breakfast---half-day/AAS251-M.html?listName=search%20results>

We are operating every weekend morning all through the year but believe there are opportunities to expand the business with afternoon and midweek events.

We are offering New Year End and Australia Day experiences on Sydney Harbour which are high value events.

There are also opportunities to expand into Eco Tours like whale watching and bird watching experiences as well as fishing classes for kids and adults.

We will support the new owner with onboard training, working the online booking system, web site maintenance, AMSA (Australian Maritime Safety Authority) and DPI (Department of Primary Industries) reporting requirements. This will be for an agreed transition period.

Versatile 10 m Charter Vessel + Established Charter Business

Date launched	2002
Length	10 m
Beam	3.2 m
Draft	0.8 m
Location	Cronulla NSW
Price	\$230,000
