AZIMUT  
*Grande*

“SHAPED  
BY ITALIAN  
CREATIVITY”

*The Azimut Yachts way is knowing how to view the world from ever changing points of view; to seduce through ingenuity and beautiful lines: the ultimate expression of Italian Made excellence.*

# A NEW GENERATION OF MEGAYACHTS

*The Azimut Grande 32 Metri is a bold and deliberate break away from the past with its graceful lines concealing avant-garde features previously unheard of in the category. Generous interior volumes are deceptively disguised by Stefano Righini's powerful exterior lines which sweep imperiously towards the stern. A touch of edgy, sporty character is added by the large full-height windows which rise up from the hull and extend into the superstructure. With its side garage accommodating a tender and jet ski, two large beach clubs in the stern and foredeck, the Azimut Grande 32 Metri is a serious wide-body megayacht.*

LET THE **BEAUTY**  
SURROUND YOU.

---

*Spatial composition is the guiding principle of the interiors of the Azimut Grande 32 Metri with architect Achille Salvagni eschewing pure décor and creating a series of contrasts to delineate the various spaces. Polished dark surfaces and ceiling details play off against lighter coloured woods whilst full and empty spaces are juxtaposed against each other and handpicked pastel elements provide a subtle counterpoint to luxurious butter-coloured leather surfaces. Painstaking research lies behind even the smallest detail, with all coming together to create a soothing atmosphere of complete and total relaxation.*

*Full-height glazed surfaces on both sides flood the full beam owner's suite with light*

GRANDE  
32 METRI

*The aft flybridge can be furnished as an additional lounge area or with a hydromassage tub and sun lounging area.*

*The flybridge has a usable surface area of almost 70 square metres (750 square feet) and consists of three areas: a bow space designed for dining, a central section destined as a living room, and a stern area which can either accommodate a hydromassage tub and sun lounging area or can be utilised as a second lounge zone.*

*Aft cockpit view*

*Whatever you need  
whenever you want*

*The stern beach club is available in two options.  
The first is the more classical version comprising furniture and storage designed to hold scuba diving and water sports equipment, whilst the second has been designed as a sophisticated water-level terrace, bringing the sea even closer for magical moments at any time of the day or night.*

*Starboard VIP cabin*

*The charm  
of symmetry*

*VIP cabin view*

*Raised pilot house on an elevated half-deck between the main deck and the flybridge*

# CARBON TECH

Azimut Yachts is a pioneer in the extended use of carbon fibre, introducing it across all its collections and understanding its potential in terms of enhanced performance on the water and unprecedented on-board comfort. The use of carbon fibre not only enables increased volumes and additional surfaces within the same weight ranges, but also delivers outstanding levels of both static and dynamic stability, with a decrease in roll momentum of between 3 and 15%. The Azimut Grande 32 Metri uses pure carbon fibre laminated with epoxy resin on its flybridge, superstructure, hard top, radar arch, transom and platform.

## HULL INNOVATION

The D2P\_Displacement to Planing® hull, designed by Pierluigi Ausonio in conjunction with the Azimut Benetti Research & Development centre, combines the comfort typical of a displacement hull with the performance of a planing hull and a wave piercer to improve fuel efficiency. The D2P hull with wave piercer means the yacht can reach high top speeds without needing particularly powerful engines, or navigate in displacement mode with a remarkable range at a cost effective speed. The hull has been optimised for the full range of most frequently used speeds, including both long range displacement mode speeds of 10-12 knots and cruising speeds in semi-displacement mode.

# TECHNICAL FEATURES

*Elegance meets  
cutting edge technology*

## MAIN TECHNICAL DATA

Length overall (incl. pulpit)	32 m (105')
Beam max	7.30 m (23' 11")
Draft (incl. props at full load)	1.89 m (6' 2")
Displacement (at full load)	140 t (308647 lb)

## PERFORMANCE

Engines	2 x MTU 2.200 mHP (1.630 kW) 16V 2000 M86
Maximum speed	Up to 26,5 kn
Cruising speed	21 kn

## ACCOMMODATION

Cabins	5 + 3 crew
Berths	10 + 5 crew
Head compartments	6 + 3 crew

## TANK CAPACITY

Fuel capacity	17000 l (4,491 US Gal)
Fresh water	2900 l (766 US Gal)

## PROJECT

Building material	GRP and Carbon fiber
Exterior styling & concept	Stefano Righini
Interior designer	Achille Salvagni Architetti
Hull designer	Pierluigi Ausonio Naval Architecture & Azimut Yachts
Builder	Azimut Yachts

Flybridge

Main deck

Lower deck

Side garage capable of holding a 5 mt (16' 5") tender and a 3,20 mt (10' 8") Jet ski

Raised pilot house

*The culmination of a lifelong quest for sophisticated innovation and unwavering commitment to pushing the boundaries, the Azimut Grande 32 Metri represents the ultimate expression of avant-garde both in design and technology.*

**Regulations UNI ISO 8666**

The levels of performance described apply to a standard craft (with standard equipment installed) with clean hull, propeller and rudders. Moreover, it is specified that such levels of performance were achieved under favourable sea and wind conditions (1 on the Beaufort scale and 1 on the Douglas scale); in the case of diverse or less favourable sea conditions performance levels may vary considerably.

**EC Approved**

Owing to constant technological developments, Azimut-Benetti S.p.A. reserves the right to modify the technical specifications of its boats at any time and without prior notice.

## *A pioneering privately-owned company*

When you choose an Azimut Grande, you become a player in an all-Italian story, the story of a shipyard with a prestigious past, a rock solid company with an image of success which gives luxury yachts an added value that lasts over time. It is a large family business that builds boats and blends fanatical attention to detail and superb Italian creativity with constant technological development. With a vast distribution network spread over the five continents, Azimut Yachts is the symbol of the very best of "Made in Italy" throughout the world. The true leader in the manufacture of luxury yachts where unparalleled style merges seamlessly with innovation.

This brochure in no way constitutes a contract of sale for the boatyard's vessels to any person or company. All information contained herein, including but not limited to technical and performance data, illustrations, and drawings, is non-binding and for purposes of illustration only. The information in this brochure refers to the boatyard's standard motoryacht models available as of the date of publication. Technical and descriptive information is valid only to the extent that it pertains to the specific vessel that is the subject of a purchase. Contract terms are valid only to the extent that they are contained in a contract of sale. This document is based on information available at the time of publication. Despite efforts to ensure the greatest possible accuracy, the information contained herein may fail to cover all details, omit technical or commercial changes that may have been made subsequent to publication, describe features that are not present, and fail to envisage all circumstances that might occur. Any illustrations, photographs, diagrams and examples shown in this brochure are included solely for the purposes of illustrating the text. Due to the different features of each vessel, the boatyard assumes no liability for actual use based on the illustrated applications.
