

Vessel Specification – 2007 Princess 61 Frybridge

Descriptions

The 2007 Princess 61 Flybridge is a highly sort after model for its large interior volume, expansive flybridge and performance when underway. This particular vessel is certainly one of a kind, been lovingly maintained and should be inspected to appreciate to the fullest.

Featuring 3 spacious cabins with ensuites plus twin crew quarters accessible through the aft cockpit. The mid-saloon sunken galley is perfectly positioned to service the interior dining area, fly bridge and aft cockpit. The flybridge is expansive and a great space for entertaining.

Recently lifted in August 2022, the underwater hull was fully soda blasted back to bare removing all 15 yrs of antifoul. The fresh recoat of the hull and prop-speed of the running gear has significantly increased the performance and fuel economy of the freshly serviced Caterpillar C15 main engines.

Since purchasing in 2020, the current owners have undertaken an extensive refurbishment and maintenance program to freshen up this beauty while enjoying the use of her at the same time.

Highlights

- Recent insurance survey and engine oil sample reports available upon request
- Freshly serviced and antifouled – Aug 2022.
- Beautifully relined walls and ceiling throughout the cabins and companion way plus new carpets.
- New full length, fully enclosed fly bimini with strata-glass clears and zipped windows.
