

Vessel Specification – 2021 Absolute 47 ‘Half Sovereign’

Description

Half Sovereign is an outstanding example of the Absolute 47 Flybridge. Professionally maintained, fully serviced and with low engine hours, she will undoubtedly suit a new boat buyer.

The Absolute 47 Flybridge boasts exceptional volume for her size. She features 3 very generous cabins and 2 bathrooms and fantastic headroom creates a real sense of space on the lower deck. On the main deck there is an aft galley salon format and the large windows, multistage sliding cockpit doors and light cabinetry tones create a very relaxing feel when onboard. On the flybridge there is expansive hard top providing fantastic shade and this means the dinette, lounges and amenity station (inc bbq) can be enjoyed in most conditions.

This 47 has a huge option list including generator, air conditioning, bow thruster, IPS joystick controls, Dockmate remote docking, hydraulic swim platform with a tender and more. So, if you're looking for a turnkey boat that will fly through survey and be ready for use, Half Sovereign will suit you perfectly.

Highlights

- Professionally maintained
- Extensive option list including Dockmate Yacht Controller for easy manoeuvring
- Generous headroom and accommodation throughout
- Engine, generator and drive servicing recently completed and not due until August 2024
- Tender with hydraulic hi-low platform to stern
