Phisa 42 Catamaran - Felix Le Cat

Felix Le Cat is a high-performance cruising catamaran that offers absolute comfort and security. She is beautifully appointed and maintained to the utmost standards. This fantastic cruising vessel has recently spent time in the islands and so it would not take much to get her back to Cat 1 specifications. Twin helms on either side of the generous cockpit give great views of the sails and hulls. Dingy davits aft house solar panels above and additional panels are on top of the custom-built hardtop. Step down into the main saloon and galley which provides an inclusive social area that is connected to the cockpit via a sliding window behind the Galley. The navigation table is in this area as well. Down a couple of steps into the starboard hull, there is a double berth aft with head and bathroom forward. The port hull includes a double berth aft and a single workshop or cabin forward. With low hour twin Volvo DI -30 engines as well as a good condition sail wardrobe, lines and rigging upgrade Felix Le Cat is ready to cruise the coast or venture further afield. For more information call Alistair on 021 406446.

Features

- Spectra Water Maker,
- 2 x House batteries + 2 x 680CCA Engine start batteries
- Electrical EWof
- Mastervolt Charger/ Inverter
