

<b>DESCRIPTION</b>	This is a well kept Seawind 1160, 2008 model, 3-Cabin boat that has spent most of its life based in the Gippsland Lakes, Victoria. It has been owned by the current owner for 13 years. It has been used 100% as a family cruising boat and has not travelled offshore and has never been raced. It is very well fitted out as a family pleasure craft and has very low engine hours for its age. The boat was originally built to Survey for its first owner but has never been in charter. There is no paperwork justifying the survey but it may be easily re-surveyed. The boat sits at Paynesville in a pen for inspection.
