

Qty	Description	Value	Photo
1	1993 Kevlcat 2800 with Hard Top, one owner since brand new. With real kevlar layup inside bottom hulls. Boat has been stored in a shed for 10 years, while I have lived in Italy with my family, from 1996 to 2006. Over that period I have used it 3 times for 2 months each time (1998, 2001 and 2004), while here in Adelaide on holiday. Boat has done 750 hours from 2006 till now, hardly used, but regardless always maintained to perfection. Always kept on trailer on a hard standing berth at the Cruising Yacht Club of South Australia. Birth also available, if boat stays in SA. The boat has always been cared for extremely well and maintained to perfection. Gelcoat in excellent conditions, cleaned and waxed regularly, twice a year. Full records and Invoices are available for all the work conducted and done on the boat. Boat has been mainly used in long range trips to KI with a crew of 2 or 3 max and rarely 4 people. These are 140NM day trip or overnight mostly done in flat calm seas or in excellent sea conditions. Welcome any inspection or survey, as boat has already passed many with very high marks for insurance purposes and general surveyers feedback is that boat presents as new!	90,000.00	
1	Plastimo Compass		
2	365L 316 S/S Fuel Tanks, for a total capacity of 730L and a range of at least 250 Nautical Miles.		
3	In built insulated bins, glassed to floor. One with livebait tank, one with top insulated bait bin and bait cutting board on top. All accessible via large cushion seats, recently reupholstered.		
2	316 S/S Floor inspection Ports, replaced from the original plastic ones. Makes it really easy to put them on and take them off every time the boat is not used, so that moisture is kept out of hulls and under floor	400.00	
3	Increased size of drain plugs on all fish bins	500.00	
4	Glassed support mounts for boat hooks, gaff poles, etc. Originally from factory there was nothing to screw in under the gunwales!	500.00	
	All reworked connections, battery isolators, circuit breakers and switches to control bridging, charging, and connections between batteries.	1,200.00	
1	Brand New Windscreen Wiper motor and double pantograph arm and blade	300.00	
1	Front waterproof LED Spotlight with dual angle beam, for separate wide and narrow coverage.	400.00	
2	Cockpit LED Spotlights, controlled independently for maximum energy saving control.	300.00	
2	Underwater Blue LED 316 S/S lights, fitted below outboards without drilling in the transom!	1,000.00	
2	Hard top ceiling LED lights, independently controllable and with 3 selectable color options, warm white, cool white or both.	350.00	
	Recarpeted Hard Top inside	500.00	
3	Full cockpit wrap coaming padding, recently reupholstered	1,000.00	
2	Bottom hulls professionally re epoxy primed and polihuretan painted 12 months ago, to protect scratching from driving off and on the trailer	5,000.00	
4	Mooring Ropes		
2	Mooring Buoys		
1	Magma USA made 316 S/S BBQ, with original cover, rail mountings and original Magma no flames tray! Best addition ever made to the boat, this unit absolutely rocks and cooks a storm in minutes!!!	1,500.00	
1	RFD 6 Persons (out of date) on 316 SS Cradle with proper back alluminum braces in cabin.	1,000.00	
1	Stress Free Mighty Drum Winch fitted in Anchor Locker with 300m of high strength dynema rope and massive laser cut 316 S/S back plate	10,000.00	
1	Sarca Anchor with matching 316 SS Sarca Bow Roller and Rolling Guide. Anchor setup is exceptional and provides rock solid overnight anchoring in any wind conditions	500.00	
4	Full Cover setup, including front, sides (protects clears) and Storm Cover. All custom made from Sunbrella waterproof canvas bought two years ago and with a 10 years warranty	10,000.00	
4	Strataglass clears, best clear material available!	3,500.00	
	Strataglass vertical 3 panel clears to lock cabin under way in heavy wind/sea/cold conditions, making the journey super comfortable. With floor locking, zippers and capability to rais and roll independently.	2,000.00	
8	Totally custom reupholstered interior with Capri UV resistant marine upholstery	6,000.00	
5	Refurbished windscreen frames	1,000.00	
6	Totally reworked 316 S/S Hard Top framing. Absolutely rock solid, does not flex or move at all in any sea conditions	10,000.00	
3	Totally replumbed Deck wash and Live bait tank with option to run either salt or fresh water from an added 60L fresh water tank and Y valve to control separate inputs and outputs.	500.00	
1	Bucket toilet with lid. This is a very simple but extremely efficient setup that avoids any issues or trouble and works like a dream.	40.00	
1	Mooring loop to connect to moorings for overnight sleeping to the anchor, avoiding to have to bring the dirty mooring lines on the boat.	50.00	
1	Special 316 S/S plastic coated harness to lock the anchor in heavy sea travelling.	50.00	
1	Spare foldable Anchor	150.00	
10	Life Jackets and all safety gear up to date.	500.00	
2	Tool Boxes	100.00	
1	Extra detachable Bait Board, that can be positioned across the rail of the cockpit and locked in place in any position	500.00	
1	Spare Mercury 4L Four Stroke Oil Container	80.00	
2	Spare Smartcraft Digital Gauges	400.00	
1	Small Pure Sinewave Inverter, great for charging 240v laptops and appliances batteries	200.00	
	Various Spare parts and Accessories		
3	Fishing Gaff, Flying Gaff and Fish Net pole	400.00	
4	Mops, Brooms and Boat Hook	100.00	
6	Brushes, Spunges, etc	100.00	
1	Sliding removable rear Burley Bucket 316 S/S	400.00	
1	Alluminium Burley Bucket with Cable	150.00	
	Heaps of Storage		
2	Water Separator Fuel Filters external to engines	100.00	
	All New High quality fuel hoses (made in USA and rated for USA Coast Guard use)	400.00	

8	316 S/S Cockpit Rod Holders	1,500.00
6	In Cabin Rod Holders (4 on port side and 2 on Stb side)	400.00
7	316 S/S Relax Fishing Rod Holders with Caps	1,000.00
2	316 S/S Relax Outriggers	3,000.00
3	Electric Reels Plugs in Cockpit	150.00
1	220L Eutectic 12V Isotherm Fridge/Freezer (low consumption with great efficiency) In thermally insulated and sealed 180L bin glassed to floor.	3,000.00
1	Wireless Fridge Thermometer with External Temperature	30.00
2	Starter Engine Marine Batteries N70ZZH in perfect condition	200.00
1	100Ah LiFePo4 House Battery. Great setup on this latest trip we lived on board for a week and never got below 70% left, with a lithium battery that could be discharged to 5%! 12 Months old	800.00
1	Victron DC to DC Charger Orion TR Smart 12 - 12- 30 Isolated	450.00
1	Victron Smart Solar Charge Controller MPPT 100 - 30	450.00
1	Victron Smart Battery Protect	150.00
1	Victron BMV 712 Smart Battery Monitor with Shunt	200.00
1	Victron Blue Power AC Battery Charger 12 - 30 with 3 battery bank outputs	250.00
2	Victron 180W Solar Panels fitted on Hard Top with proper mounts and 316 S/S fittings	500.00
1	Victron Venus OS for remote monitoring of all boat electrical systems from anywhere in the world via Victron VRM	450.00
1	Telstra 4G Modem to provid on board WI-FI and remote network connectivity to the Boat	100.00
	Totally rewired electricals	2,000.00
1	Small Fire Extinguishers in cockpit	100.00
1	Large Fire Extinguisher in Cabin	200.00
1	EPIRB Registered with AMSA	400.00
2	New Engine control cables	300.00
2	8 way Electrical switch Panels with indipendent circuit breakers, illuminated and clearly readable at night time to identify each function	200.00
8	Meters of RGB LED strips mounted under gunwale in alluminum rails, making it very easy to replace when they fail. Including a remote control and a controller that allows changing of color and intensity	400.00
	Various 12V Cigarette Lighters charging Ports and USB High and Low output charging ports	100.00
1	Reinforced starboard rear cockpit bollard, for towing or pulling	150.00
2	2013 Mercury 150 Four Stroke with 420 hours since new. Purchased from Hodge Marine and meticulously maintained, with full invoices and six monthly records of compression and anything done	35,000.00
2	Mercury Tilt/Trip electronic controls fitted to limit tilt up control to prevent cowling from hitting boat stern	300.00
2	Optional Water Pressure Sensors fitted	300.00
8	Complete new Anods kits fitted less than 20 hours ago	300.00
2	Brand new Thermostat Kits available as spares	360.00
1	Mercury Vessel View Mobile to provide full engines monitoring and gauges on any mobile phones, Apple or Android via bluetooth	350.00
2	Custom made alluminum plates fitted under pods to minimize water spray and with adjustable angle to fine tune boat trim.	2,000.00
1	New Steering Seastar K22 HYN Brass Cylinder 2 ways, matching original, imported from USA and fitted a couple of years ago. I still also have the original and a full seal kit to refurbish the original and keep it as spare!	2,000.00
4	MOB (man over board automatic engine cutoff system. This allows for up to 4 people to wear bluetooth wrist bracelets that allo for engines to be remotely switch off or auto switchg off if a person falls overboard. Great feature when either boating alone or travelling extended hours at nighttime on autopilot.	1,500.00
1	Counter rotating Quicksilver Revolution 4 blades highly polished 316 S/S Props, 17 Pitch, currently in use	2,000.00
1	Counter rotating Quicksilver Offshore 4 blades highly polished 316 S/S Props, 19 Pitch	1,600.00
1	Counter rotating Quicksilver Laser II 3 blades highly polished 316 S/S Props, 19 Pitch. These props like the engines to be raised at least one hole and work extremely well near the surface and in the aereted water. Boat reaches easily 40 knots speed with these props properly setup.	1,600.00
1	Treg Custom Trailer, Galvanized solid steel. Needs a bit of maintanance to be brought up to perfect conditions. I have not cared too much, as in the past 10 years I have only used it as a jinker trailer inside the CYC. Less than 12 months ago I have replaced the axles and hubs with 3 custom made fully galvanized 2t axles, galvanized heavy duty hubs and new wheels, with invoices for \$5,000.	10,000.00

1	Simrad Autopilot, with Gyro, Rudder Feedback, Morse Cable to Outboards, RPU-80 Pump integrated in hudraulic steering, and fully integrated in Navigation Multi Function display. Very accurate steering with little or no sway!	2,000.00	
1	Navman 8120 Multifunction display, identical to Northstar and Simrad units, with	1,500.00	
	Autopilot Navigation		
1	SIMRAD Smartcraft engine gateway for displaying gauges and engine data on Multifunction display	250.00	
1	Fuel control, consumption, range, tank levels display		
1	Sounder, with fitted Airmar 1Kw Transducer low cone angle, for high fine tuning of ground isolation	500.00	
1	Custom made Alluminum bracket for 1KW transducer, fitted to pod, to prevent drilling into transom	600.00	
1	GPS Antenna and C-Map card charting	200.00	
1	Radar Box with 40Nautical Miles Radome and Chart Overlay radar display, for easy pinging and marking of targets at distance	2,000.00	
1	Lowrance HDS-Live 12 with	4,000.00	
1	3 in 1 Transducer	300.00	
1	Navionics Map Chart of SA with current active Subscription, fully integrated with Navionics Boating Phone App	250.00	
	STEREO		
1	GME VHF Radio	100.00	
1	SONY Stereo unit with detachable front control and integrated bluetooth, to play music from phones.	150.00	
1	SONY 400W Amplifier	250.00	
2	Alpine Marine Subwoofers, 10", with custom alluminum back plates to minimize vibrations and fiberglass distortion noises.	400.00	
2	Alpine Marine Two Way Mid/Hi speakers with custom made plastic spacers, for added base control. Sound System sounds amazing!!!	300.00	
2	ESB Passive Cross Overs, to fine tune frequencies control between low, mid and high	200.00	
	Grand Total	237,960.00
