

Jeanneau Sunfast 26

Introduction

The Sun Fast 26 creates on it's own the desire to go sailing, thanks to the fast hull design from Phillip Briand. A remarkably stable yacht thanks to its heavy ballast and wide beam makes this yacht a joy to sail. Twin Rudders, retractable bow sprit, and bulb keel provides you with the performance advantages to even get involved and enjoy some club racing.

Downstairs will surprise you with an astonishing amount of room below. A light, bright and comfortable space with all the comforts of a larger cruising yacht including full enclosed manual head, large double Aft Cabin, Galley and Saloon space with easy dining for 4.

With current rigging, low engine hours, good sails, and safety equipment – Sans Souci is ready for her new owner to step on and enjoy.

Vessel Summary
