

d'Albora

Vessel Specification – 2018 Chris Craft 30 Corsair

Description				
<p>When it comes to family friendly flybridge motor yachts, it's hard to go past the value of the Azimut 50. This model is nearly 53ft overall and has the largest flybridge in this class, so the sense of space on all three decks is exceptional.</p> <p>Professionally maintained with just 730 hrs, this 2016 model boasts a very full option list including but not limited to a gyro stabiliser, bow and stern thrusters, joystick controls and a new tender. More recent works include new upholstery, new carpets, new flybridge navigation screen and the main engine seawater cooling system service.</p> <p>If you are interested in receiving more information or viewing this boat in Sydney, please enquire today.</p>
