About The Vessel

Viking is a 14-meter, twin-screw, commercial workboat in 2C AMSA survey.

Suited to both harbour and ocean projects, she is available for long or short-term charter.

She has ample deck space, a 500kg lifting davit and a 3.5-ton towing capacity.

Liveaboard accommodation can carry up to 14 persons and berth 7.

A range of marine equipment is available with Viking, including dive compressors, various tender vessels, commercial diving equipment or additional fuel cells.
