Ron Holland CT52

Presenting the Ron Holland CT52, "Blaze", a 52-foot Ron Holland design with a fresh hull repaint. Known for her successful offshore travels, this yacht combines style and reliability for an outstanding voyage on the water. "Blaze" offers a spacious deck and has ample room for working the yacht as well as lounging on bean bags watching the sun go down. All the main winches are self-tailing to ease sail handling. She has a tall twin spreader rig with hydraulic back stay, vang and inner forestay to help with mast set up. Stepping below there is a large saloon with ample galley space for entertaining the family and friends. Up forward she has 2 double cabins with shower and toilet and aft there is the master cabin with an ensuite. Power is provided by a Perkins 130 HP diesel motor and solar panels. Her electronics include a recently upgraded B&G Zeus chart plotter and B&G RADAR. Additionally, there is boat and wind instruments, auto pilot and Hydrovane self-steering. "Blaze" also has a water maker and Kubota genset onboard however the genset is still wired for 110V and would require a transformer to power the 230V system. "Blaze" is currently moored off Waiheke Island, please get in touch with Hamish on 0220468979 to view.

Features

- Watermaker
- Solar Panels
- Barometer
- Water Filter
- Hydrovane Steering
- Hydraulic backstay, Vang and Inner Forestay
- Rangehood Extraction Fan
- Decks Repainted in 2017
- Hull Fully Repainted in 2021
