PINNACLE is truly a masterpiece of maritime engineering and design, offering an unparalleled experience on the water. Crafted by Zuccon International Project and built by Custom Line, this 33-meter superyacht seamlessly blends Italian styling with practical luxury.

Her emphasis on outdoor living is evident throughout her three decks, with expansive entertainment areas that effortlessly connect with the sea. From the sun deck with its panoramic views, sun loungers, BBQ, and Jacuzzi, to the upper deck's relaxed lounge area and formal dining space, every detail is curated for optimal enjoyment.

The main deck saloon exudes warmth and comfort, with an open plan layout that invites relaxation and socializing. Terraces on either side create serene spots for quiet moments, while the al fresco dining area offers a picturesque setting for meals. And let us not forget the fold-out swimming platform, perfect for enjoying water activities.

Inside, the interior design by Zuccon International Project is both inviting and timeless, with a blend of dark wood, warm white tones, and ample natural light. Accommodating up to 10 guests across five luxurious cabins, including a master suite on the main deck and four VIP cabins below, **PINNACLE** ensures a comfortable stay for all.

Powered by dual 1,623HP MTU engines, **PINNACLE** delivers impressive performance with a maximum speed of 17 knots and a cruising speed of 12 knots, all while maintaining remarkable fuel efficiency.

For those seeking the ultimate yachting experience, a viewing of **PINNACLE** is a must. Contact GLI and let Phil, Col, or Perry arrange an inspection of this meticulously maintained and beautifully presented motor yacht. You will not be disappointed.
