Vessel Specification – 'Business Class'

Description

If you're in the market for a sports cruiser around 50 feet, don't look past this Jeanneau Prestige 50S. This impressive 2 cabin 2 bathroom sports cruiser sits above the rest with great features such as the hard top with electric sunroof, shaft drive Volvo diesel engines and the tender garage.

The Jeanneau Prestige 50S has a great open feel. At the transom there is a nice swim platform with the addition of removable rails that make this area available to use as an area by the water. Moving up to the cockpit you first notice the huge aft sunpad which is great for lounging about on hot summers days. Further forward there is a generous round seating area with a high-low butterfly teak table. Alongside there is an amenity station with a fridge and bbq and above that a cockpit TV to watch your Spring and Summer sports. The helm area offers great visibility for cruising and the seat to port means your friends can join you whilst cruising.

Down below the best thing about this model is the extensive space and amenity for those onboard. The salon lounge and galley is generous with great headroom and with each cabin having a bathroom it's means owner and guests and stay overnight in style.

Most important is the service history that comes with 'Business Class.' The current owner has done a great job sticking to routine anti-fouling and engine and generator servicing and therefore she is ready for immediate cruising.

Inspections on 'Business Class are available by appointment at d'Albora Marinas the Spit Mosman NSW.

Highlights

General highlights

- Hard top with electric sunroof
- Shaft drive diesel engines offering increased reliability and low maintenance costs
- Tender garage with tender and swim platform
- Upholstery, covers, teak and fibreglass in good condition
