Description

Great opportunity for a sea change!!!!

Hawkesbury River Charter, is family owned and operated and is now on the market. The owners have been enjoying running it for over 9 years and have created a fabulous repeat customer data base, on the beautiful waters of the Hawkesbury River.

Included are: 2 x Resort 35 Flybridge Cruisers and 2 x Finn Spindrift tenders with electric 3hp outboards.

The Resorts have recently gone through their 5 year AMSA Survey and are not due for another 'out of water' survey until 2028. The boats are meticulously maintained, comfortable, spacious and set up perfectly for Hire and Drive.

PHOENIX: is a 2004 Resort 35 offering 3 cabins and can sleep up to 10 pax. She is in 4E - Hire and Drive survey. She runs on a Yanmar 4JH4-HTE Diesel Shaft Drive Engine.

AQUARIUS: is a 1988 Resort 35 offering 3 cabins and can sleep up to 10 pax as well. She is in 2E - Charter 10pax + 2 crew and also 4E - Hire and Drive. She runs on a Volvo Penta D2-55 Diesel Shaft Drive Engine

Hawkesbury River Charter has a tracking system so you can see where the boats are at any given time. It also has an iphone battery monitor so you can remotely check the charge of the batteries on each boat as well.

These proud owners are not only passionate about their yachts but extremely knowledgeable in almost every facet of boating. They have grown this business from the ground up and you will see all the little touches that make these boats stand out from the crowd.

If you are looking for a sea change in a stunning part of Sydney, with potential to grow your own business, then this is well worth viewing.

Please don't hesitate to call the team at Sydney Marine Brokerage.
