## BACKGROUND

*Sweden Yachts are built on the west coast of Sweden. Known for building fast, safe vessels with excellent sailing performance while incorporating comfort, these yachts are easy to handle and require minimal effort to maintain. The clean lines and functionality of deck and superstructure, the interior layout and the many ingenious solutions aboard, are proof of the yard's generations of boat building experience. Add an array of modern cruising equipment and you have the perfect yacht...*

Launched in 1998, *Vestlandskyss* has sailed from Norway with stopovers in Panama, Tahiti, Tonga and Fiji. She has been maintained to above-average standards and fitted with much desired cruising equipment including a comprehensive sail wardrobe and impressive array of safety gear.

A yacht for all weathers, the Sweden Yachts 390 is ideal for short handed sailing with optional cutter rig. The cockpit winch allocation is designed to enable a solo helmsperson the ability to control and trim the yacht alone - without the need to leave the helm.

The Volvo Penta engine and sail drive have been well maintained with impressive upgrades and servicing. The yacht is fitted with wind vane self-steering, a hydro generator, 2 0 2 - several solar panels and upgraded Lithium house battery bank.

The quality Swedish craftsmanship is immediately evident below with a luxurious 2-cabin interior in mahogany. This Owner's version provides an enormous double cabin beneath the cockpit with dual access from the galley or nav station. The saloon provides two sea berths, and a beautiful large drop-leaf dining table with internal storage.

The cockpit is fitted with a detachable sprayhood and full cockpit covers with folding table. All lines lead aft to a collection of clutches and there is no shortage of winches at hand to trim headsails and main simultaneously.

*Vestlandskyss* is fitted with a Raymarine suite of instruments, autopilot, AIS and Quantum radar. Her rigging was replaced in 2024 and many more of her recent upgrades are highlighted on page 3.

# On Deck

*This is a fun yacht to sail. With speed, comfort and great options on all points of sail with optional cutter and great cockpit winch and clutch allocation. She easily cruises at 7kts under sail and is very manageable short-handed on longer passages.*

## UNDER SAIL

No matter the conditions, *Vestlandskys* has a sail for every situation and with dual forestays and a dedicated main, Genoa and staysail winches with inline furling you are never going to be short on options to speed up or slow down the boat.

Her owners love the tall rig and the efficient sail plan options with cutter and full slab reefing which makes the boat very balanced and safe in heavier weather, while equally fun and easy to maintain 7kts under sail in lighter airs with the addition of the Genoa.

## COCKPIT LAYOUT

The teak lined cockpit with long bench seats and high backs (essential when on watch during longer passages) offer great solutions for short handed sailing, but equally great for sun bathing or entertaining. Lewmar self-tailing winches positioned close to the wheel enable the helmsperson to control the boat alone. Raymarine autopilot and GPS plotter controls are complemented by i70 mfd's above the companionway. Full weather covers can be attached to the yacht's sprayhood to completely enclose the cockpit space.

## HIGHLIGHTS & FEATURES

- Fibreglass construction with superior Teak deck and cockpit
- NMEA 2000 backbone / Radar / AIS / VHF / Iridium Go
- Rugged sprayhood and full detachable cockpit enclosure
- Maritim Inflatable dinghy and electric outboard - new 2021
- Raymarine Evo2 Autopilot with handheld remote - New 2022
- Raymarine Axiom 9 plotter w/AIS, VHF, i70 mod's - New 2022
- Quantum Radar - 2024
- Standing and running rigging replaced 2024
- Cutter stay with staysail, Storm Jib - New 2022
- Zoom Cruising Dacron Main with 3-reefs - New 2024
- Hyde Sails 130% Genoa - New 2022
- Sunbrella Boom bag with lazy jacks - New 2024
- Schenken Zen30 watermaker (30ltr/hr)
- Hydrovane Wind Vane steering system - New 2022
- Watt & Sea Hydrogenerator 300w - New 2022
- Lithium 12v House Batteries x 4 - 2021
- Internal ducted heating throughout
- Bluetooth Stereo & Fusion speakers - New 2022
- Eno 2-burner stove with oven & grill - New 2021
- Major Engine and Sail drive servicing 2023 and 2024
- Antifouled / Polished - Mar 2024.

# Interior

*Below decks the 390 is comfortable, light and roomy with well well-designed equipment and full of ingenious solutions.*

*The interior cabinetry in Mahogany has kept its lustre having matured beautifully and the floor is testament to the quality workmanship of Sweden yachts skilled boat builders.*

*The navigation area has a separate shelf for charts above the main desk with a lovely (Sweden Yachts) fold-down instrument panel and a sliding, adjustable stow-away seat which provides access to the house battery bank.*

## ACCOMODATION

Luxurious living in a functional layout with two spacious sleeping cabins and a comfortable saloon with sea berths and a beautifully finished double drop-leaf dining table with centre piece bar.

The double aft cabin, with large double bed can be accessed from either side of the saloon. The fore cabin offers a double V-berth - both cabins have excellent storage spaces.

The light and airy head with mirrored backlit walls is easy to access from either the saloon or forward cabin. It is fitted with hot/cold pressurised shower, toilet with holding tank, and ample cupboard space.

## GALLEY

The L-shaped galley is fitted with a near new 2-burner stove, filtered fresh water, twin s/s sinks and a deep top-opening fridge/freezer which runs off 4x Lithium house batteries. There is an abundance of space for crockery (provided) and food storage with functional work tops.

## NAVIGATION

The navigation station and main switch panel are located below the companionway. Telecommunications comprise a Raymarine VHF, Quantum Radar, Iridium-Go and AIS transceiver. Several gauges for water, fuel and circuit breakers are easily accessed behind the chart table - which houses the battery bank as well as split shelf storage for charts and navigation tools. A Raymarine GPS chart plotter, autopilot and 2 x i70 mod's are fitted in the cockpit.

# She could be YOURS ...

*'Vestlandskyss' is a stunning example of the Sweden Yachts philosophy, combining sleek, elegant lines with spacious living areas both on deck and below. Her design reflects a perfect balance of simplicity, sailability, and comfort, making her a joy to sail in a variety of conditions. With her lush interior, she's as welcoming for relaxed coastal cruising as she is for adventurous offshore voyages.*

*Extensively upgraded for long-range cruising, 'Vestlandskyss' boasts new rigging, a fresh mainsail, Genoa, hydro generator, water maker, wind vane steering, and updated navigation equipment. These enhancements, paired with her solid build, ensure a safe and reliable passage wherever the journey takes you.*

*This yacht is perfectly suited for a couple or small family dreaming of extended time on the water. With Sweden Yachts' renowned craftsmanship and 'Vestlandskyss's recent upgrades, she offers a rare blend of comfort and performance that will thrill any serious sailor. If you're seeking a yacht that can take you to new horizons in style and safety, 'Vestlandskyss' is the ideal choice.*
