## EXECUTIVE 700

Hull Length	7.00m
Length with Bow Sprit & Swim Platform	8.61m
Length Overall on Trailer	9.00m (Driveleg Vertical)
Height Overall on Trailer	3.3m (Approx)
Weight - Dry BMT	3340kg (Approx)
Max Beam	2.50m
Max No. Persons	7
Deadrise Transom	20 degrees

Note: All heights, lengths & widths are based on an applicable CruiseCraft trailer.

This top of the line Executive 700 is equipped with shower, toilet, galley, hot and cold water system and on board sleeping accommodation. Configured primarily as an on-water weekender and designed to be legally towed on Australian roads, the 700 is the kind of boat where a family can launch after work on a Friday and slip away quietly for a weekend of peace and quiet.

In designing this innovative new range of cruisers, CruiseCraft has returned to its heritage roots and based the luxury cruiser range on the same proven hull technology and design criteria that has made the blue water Outsider and Explorer models so successful.

The Executive 700 is available exclusively through the national network of authorised CruiseCraft dealers.

# OUTSIDER SERIES

685 • 625 • 575

The trio of CruiseCraft Outsiders is widely held to be Australia's finest blue water family of fishing boats. Proudly designed and built in Australia, these exceptional 'walkaround' boats deliver loads of features for fishing, superior handling at sea and the structural integrity that is backed by the manufacturer's 7 year warranty. Now that's peace of mind whether trolling miles offshore or bottom bashing a long way up the coast.

The Outsiders are complete fishing machines for the discerning family. You will appreciate the spacious, contoured cabin along with the extensive range of appointments that make these boats comfortable overnights and supreme fishing machines.

Outsiders from CruiseCraft exude quality from stem to stern. Check the long list of features and appreciate the detailed craftsmanship that goes into each and every unit. Fishing from an Outsider is the definitive blue water experience.

This is the flagship of the Outsider range, the model that embodies the best of everything about blue water fishing into a magnificently functional, yet stylish, deep vee hull.

With this boat, serious angling families can head way offshore to where the big fish are found off the shelf. Your Outsider 685 can be rigged with your choice of single or dual outboards. The foam filled hull delivers added safety and a whisper quiet ride while the CE rating is your mark of export quality.

On board, the rig is generously appointed with an extensive inventory of fishing equipment. Then there is a plethora of optional gear that can be added to customise your Outsider 685 just the way you want; for comfort and great days of fishing.

# OUTSIDER 685

WWW.CRUISECRAFT.COM.AU

Fishing with your family or your mates, the mid sized Outsider 625 is the big performing, fully featured blue water fishing boat. With this rig you can comfortably fish four up, and still have plenty of space to land game fish.

This is a thoroughbred sports fishing machine with the credentials to travel long distances in safety and comfort. The wide line cockpit places anglers right where the action is, with toe hold and thigh support perfectly placed.

The 'walkaround' deck line provides unparalleled access to the deck, while the cabin contained within the deck is fitted with plush bunks with storage under and storage shelves above.

Anglers who aspire to fish from an absolutely exceptional boat, can select from the generous inventory of factory fitted optional equipment. This way you can take delivery and fish from a boat that truly reflects your fishing personality.

# OUTSIDER 575

Fishing families who demand a genuine offshore boat which also doubles for family water sports fun, will find the Outsider 575 very much to their liking. Being over a metre shorter than the biggest Outsider, the 575 presents savings all round.

With this model CruiseCraft, the features and appointments are just as inspiring as on the bigger Outsiders. Compare the rigs feature for feature and you will soon appreciate that being compact is no compromise in the fishing or comfort stakes.

And just as the bigger Outsider sisters can be rigged up with all the optional game fishing gear that you could hope for, the Outsider 575 is no different.

Smaller, easy to handle, lighter to tow, demanding more modest outboard power on the transom... the Outsider 575 is an easy blue water boat to own. And you'll also be the absolute envy of other boaters at the ramp when you set off for a weekend of boating.

## SPECIFICATIONS

## EXPLORER SERIES

685 • 625 • 575 • 500

Serious bluewater anglers need a serious boat with the legs to handle plenty of green seas. The CruiseCraft Explorer series comprises four exceptional models that will take you way offshore, and back, in absolute safety.

Noted for their wide line cockpit, the Explorers are bigger in the cockpit for your fishing enjoyment. In fact these boats are designed for and totally dedicated to bluewater anglers. The inventory of fishing features and appointments on board an Explorer, will make your fishing trip all the more successful.

With a proven blue water CruiseCraft hull, your trip offshore will be smooth and easy. And once the rods are out and the fishing action hits, the big stable cockpit will allow you to focus on landing big fish.

Go offshore, go sport-fishing with an Explorer.

It's finally here. The wraps have come off the all new CruiseCraft Explorer 685 to give families and serious fishing enthusiasts the ultimate platform for bluewater fishing. A proven hull and new deck design has opened up an even bigger fishing cockpit while a sliding lockable cabin door provides ample room for overnight accommodation. Boasting a pure CruiseCraft pedigree, the new Explorer 685 is now the benchmark for offshore fishing trailerboats in Australia.

# EXPLORER 685

# EXPLORER 625

The Explorer 625 is now well established as a legendary model of the Australian blue water fishing scene. Just as soon as you step on board you will appreciate all the thought that has gone into developing this as a thoroughbred fishing machine.

By any measure this is a big boat that will carry a family or any fishing group, far offshore in absolute safety and comfort. The Explorer 625 features a raised deck line, so as to provide a heap of space in the cabin. Under the flowing line of the cabin, and fitted forward of the helm, is a cabin that features a fully moulded interior. This delivers very smooth, neat lines that ensures the Explorer 625 is easy to use and easy to own.

The cockpit is expansive, with the helm position pushed a little futher forward, to make fishing even easier. This is a dream 'work space' for game fishermen. The cockpit area is broad, thanks to the big 2.45m beam of the hull.

Check the complete list of features and you'll soon see the stand outs that set the Explorer apart from the competition... sub floor foam, stainless steel seat frames, 240 litre fuel sub floor tank, dual cockpit lights and walk-through transom door. Blue water sports fishing boats have never been as good as the Explorer 625.

15

WWW.CRUISECRAFT.COM.AU

# EXPLORER 575

Enter the mid range sports fishing machine, the Explorer 575. Fully featured and big on performance, the Explorer 575 lacks nothing when it comes to heading out to sea for a big day's fishing.

Typical of the Explorer pedigree, the Explorer 575 model retains a generous sized cockpit, that is flat, broad and stable for extreme angling action.

The 575 is built strong with the dry riding deep vee hull that comes right in to its own when the going gets rough. And when the conditions do chop up and you need to rest and regroup, the cuddy cabin provides the perfect place to gain some respite from the conditions.

Easy to fish from, easy to handle and easy to launch... it's a pity that all boats aren't as good to own as the Explorer 575 from CruiseCraft.

# EXPLORER 575

# EXPLORER 500

Think compact, think efficient, but let your mind run wild about the big fish that you could land when you start exploring the coast aboard your Explorer 500. This boat is the perfect package for anglers who like to fish near to shore, bays, estuaries and big inland lakes.

While compact, the Explorer is tough and unflinching. The layout of the cockpit is clean, fresh and uncluttered to allow sure footed fishing action. Big side storage bins, ample toe holds and thigh supports that are perfectly placed- it all adds up to a boat that has been crafted by people who enjoy their fishing as much as you do.

Backed by a 7 year manufacturer's warranty, you have the flexibility to set up your Explorer 500 just the way you want it. The standard feature list is big, but the options allow you to go further and personalise your dream machine.

This is a magnificent sports fishing boat that represents exceptional value for money. Why compromise with lesser brands when you can be fishing from a genuine CruiseCraft.

# Be Part of our Team

Owning a CruiseCraft offers you and your family far more than a lifetime passport to good times on the water – it also is your formal invitation to join the nationwide camaraderie of other CruiseCraft owners as part of Team CruiseCraft.

Fully supported by the extensive resources of the CruiseCraft factory, Team CruiseCraft is an alliance of hundreds and hundreds of CruiseCraft owners stretching right around Australia. With vessels ranging from some of the first fibreglass CruiseCraft's ever manufactured, to the most awesome of the latest model releases, Team CruiseCraft welcomes you into a world of extended boating pleasure.

Whether you participate in Fishing Comps or just enjoy Family Picnic days on sandy beaches, the focus is on activities like treasure hunts for the youngsters and beach cricket for all members of the family. And then there's Experts' Corner where you personally get to draw on the encyclopaedic knowledge of some of the country's foremost experts in marine electronics, bar crossings, boat maintenance, fishing techniques and a myriad of other subjects. Day trips. Overnight trips. Access to local knowledge. Skiing days. People to hook up with when you are interstate. The added safety of having others near you when you're venturing far offshore. New friends and great times forever.

Team CruiseCraft – it's only open to owners of CruiseCraft boats. Others have tried to copy it, but none can match it. And here's even more great news ... it's free and if you decide to take up the invitation, your Authorised CruiseCraft Dealer will look after all the details for you.

Team CruiseCraft ... it is yet another key advantage in owning a CruiseCraft Boat.

## RESORT SERIES

6 • 55 • 5

The CruiseCraft range of Resort bow riders is the absolute epitome of excellence, both in Australia and overseas. Countless proud Aussie families have come to appreciate the interior space and exceptional design features offered across all four Resort models.

Owning a CruiseCraft Resort stamps you as appreciating refinement in design, style and performance. A Resort is the on-water counterpart of a top European luxury car - plush, comfortable and a delight to drive.

The entire range of Resort bow riders will excite your senses and delight your family. The fit out and appointments ooze quality. The Resort is the absolute embodiment of safety performance and comfort.

Offering a balanced blend of space that only a big bow rider can deliver, the Resort 6 sterndrive also delivers big buckets of V8 power. With a powerful MerCruiser sterndrive engine slotted in under the padded rear sundeck, this Resort 6 has the get up and go, to get places in a hurry.

The sterndrive configuration delivers a cockpit layout that makes exceptional use of every square centimeter of the boat from the rear boarding platform, all the way through to the apex of the bow rider.

Plush upholstery in the generous full-width rear lounge, stately bucket pedestal seats and the bow rider area itself, set this boat apart from local and imported competitors.

On the water you will appreciate this model as a big performer and a sensational header turner!

The high sided hull makes this an exceptional open water boat, one that can power about on sloppy bays and open lakes without taking any water over the side. This is a safe, high-sided family boat that provides you with total peace of mind with young boaties on board.

Complete in virtually every regard for memorable family days on the water, the rig can be optioned up with just a handful of added features.

Get set to impress and hang on for the ride of your life.

## RESORT 6 STERNDRIVE

## RESORT 6 OUTBOARD

The Resort 6 is the biggest model in the CruiseCraft bow rider range. In fact it could well be dubbed the entertainer... or the skier, or angler or cruiser, such is its flexibility.

The versatility and on-water attributes of this model are simply boundless. The term all-

rounder does no justice to the Resort 6 at all, as this rig performs stunningly in each of its various guises. Such is the design excellence of the Resort 6, family boaters truly enjoy the benefits of four boats in one!

Capable of performing exceptionally with a mid range V6 outboard, the Resort 6 can also turn from mild to exhilarating with a top end outboard on the transom. With a 225hp kick in the tail, everything else on the water will be left behind in your bubbling wake.

## RESORT 6 OUTBOARD

The versatility of CruiseCraft's Resort 55 bow rider makes it a popular choice for water sports families. Roomy, stable, mild mannered and an exceptional performer that is the delight of boating aficionados, the Resort 55 can be seen on waterways virtually everywhere in Australia.

Lavish upholstery, carpeted floor, a bow compartment that invites passengers, big broad rear lounge and a plethora of storage space... the Cruise Craft designers certainly hit the sweet spot with the Resort 55.

Rated to 175 hp outboards, the Resort 55 is quick to plane and tows skiers effortlessly. It's a wonderful picnic boat, particularly with the optional rear drop-in cockpit table fitted.

And on the water, what boat looks more balanced, more in perfect proportion than the Resort 55?

Bow riders don't come any better than the 55, Cruise Craft's 'little' but big, bow rider..

# RESORT 55

# RESORT 5

For the family new to boating, or perhaps buying their first bow rider, the Resort 5 is a wonderfully compact boat. It performs exceptionally with the smaller V-6 outboards and due to its compact nature, this boat offers easy family boating.

It's easy to tow, easy to store, easy to launch and easy to go boating. Yet even though this is the baby of the Resort range, the Resort 5 lacks nothing in features or equipment.

Inside the cockpit you will find the same quality seating, carpet and fit out as the larger model Resorts. When it comes to quality, there are no compromises at CruiseCraft.

And when it comes to enjoying your time on the water with a boat load of friends and family, you can still do it all with the Resort 5...ski, fish, picnic or just cruise the waterways seeing new sights and enjoying your family time together.

This can be your very own resort that you take with you. Why wait a moment longer?

The Nichols family has been at the forefront of the Australian boating industry since Roy Nichols established the boat building company in August 1946. Today the business is still owned and operated by third generation Nichols family members.

But it was way back in the mid 1940's that the name Nichols Bros. became synonymous with an unrelenting commitment to design excellence and manufacturing quality. Nichols Bros. launched the CruiseCraft brand in 1960 and its first fibreglass model in 1967.

The following decades brought about a host of award winning fibreglass boat designs and a strengthening interest in the CruiseCraft brand for strong and reliable fishing boats.

In 2006, the CruiseCraft company celebrated its 60th Anniversary Year in the Australian boat manufacturing business. A strong sentiment of family togetherness and passion over six decades has seen CruiseCraft become a favoured boating brand for families and fishing enthusiasts alike.

Today, and with around 14 Boat of The Year titles as well as other accolades to its credit, CruiseCraft still continues to lead the industry in design excellence, innovation and quality.

Walk-around, cuddy and half-cabin styles and sports bow-riders today proudly bear the CruiseCraft name.

It's a label of quality, it's a label that defines excellence.

Around the ramps and marinas of Australia, you will often see many of the original Nichols Bros. timber cruisers and those first fibreglass CruiseCrafts still providing excellent service to their current day owners.

You can join them with the latest market-leading models - all of which are displayed on our web site and which are available through a network of dealers located around Australia.

Proudly Australian Owned, Designed & Built

All CruiseCraft boats are backed by an industry leading 7 Year Manufacturers Warranty. The construction process behind the CruiseCraft brand offers superior hull integrity and strength for unrivalled offshore performance and structural longevity.

The advanced hull construction technique involves an innovative sub-floor girder system, moulded cockpit liner and foam filled sub floor. Giving exceptional confidence in the integrity of the hull, the sub-floor construction assures CruiseCraft customers of a superior ride and excellent handling in rough conditions.

A key safety element to the sub-floor structure is the use of moisture & fuel retardant 2-Pak polyurethane foam throughout the sealed floor cavity. Not only does the foam greatly reduce hull noise but also significantly increases the buoyancy rating of the hull for added safety.

CruiseCraft's commitment to manufacturing excellence has seen their Brisbane boat building facility embrace the stringent European CE level of manufacturing certification. International success across the Asia Pacific region has attracted significant CruiseCraft interest in Europe with CruiseCraft now complying with the exacting standards of CE certification.

The CruiseCraft CE models, including the Explorer and Outsider series, offer both Australian and International customers a range of performance benefits including the use of sub-floor foam and a high-grade laminate structure. The CE Standards are approved by the International Marine Certification Institute (IMCI) together with the relevant requirements of ISO and the Recreational Craft Directive 94/25/EC.

The result is a range of tough Australian-built boats that excel in Australia and exceed all safety and manufacturing expectations across the Asia Pacific and European marine markets.

#### SEVEN YEAR STRUCTURAL WARRANTY FILLED DISCLAIMER:

As new technology and advanced new manufacturing techniques are constantly being developed, CRUISE CRAFT BOATS Pty. Ltd. reserves the right to change model and specifications without incurring any obligations whatsoever.

As many of the photos in this catalogue are of boats owned by CruiseCraft customers, they may show optional and non-standard equipment, features such as curtains, rails, etc. Weights listed in this catalogue are as accurate as can be reasonably determined in terms of boat, motor, trailer and fit out combinations.

Check with your dealer regarding the recommended towing capabilities of your vehicle.
