Description

'Ocean Free' was built to survey at the Maritimo factory in 2006 for the current owners. Since then they have been operating luxury private day or overnight charters around the Whitsundays and have built up an extensive client base, with a number of repeat customers.

In 2018/2019 the owners undertook a Million dollar refurbishment. This included a full engine overhaul, all new 240V wiring and switchboards, new Onan generator and the entire saloon was refit and upgraded with Vintec, Siemens and Fisher & Paykel appliances.

Currently located at the Port of Airlie, she undergoes regular maintenance and the engines are serviced every 250hrs.

The boat can be purchased as vessel only or there is the option to leave her in the current fleet and be managed by the current owners.
