A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

Description

'Odysseus' was delivered fully equipped from the shipyard, powered by twin 715hp Caterpillar engines that have been consistently serviced by professionals every 100 hours. Her large fuel capacity provides a range of over 1,000 nautical miles, making it ideal for exploring remote destinations such as Australia, Vanuatu and Fiji.

The genset and watermaker, both regularly maintained, reliably supply the numerous onboard amenities: refrigerators, freezers, dishwasher, washing machine, and air conditioning units — offering home-like comfort at sea.

The onboard electronics are complete and up to date. Four strategically placed chartplotters ensure constant awareness of the vessel's position. Radar and AIS provide passive watchkeeping, while the FLIR infrared camera is a premium tool for safe night-time arrivals. The three CCTV cameras provide instant visibility of the engines, cockpit, and interior.

The layout includes two double cabins and a third cabin with two single bunk beds. There are two spacious bathrooms with separate showers and electric toilets.

A built-in vacuum system and high-pressure washer (Karcher) make daily maintenance easy.

Two onboard audio systems and a television provide entertainment for lively evenings or relaxed family moments.

The cockpit features genuine teak flooring and is sheltered by a bimini and sunshades, ensuring comfort in all conditions. At the stern, there is a livewell with a circulating pump and viewing window for admiring the catch. Two large carbon outriggers and a set of fishing rods are already onboard.

The life raft is recent, and all fire safety equipment is up to date.

- Bow and stern thrusters greatly assist with docking maneuvers.
- The Highfield 3.10 m tender, powered by a 15 hp Yamaha outboard
- Twin Caterpillar C12 with 1350Hrs
- FLIR
- Anti fouled April 2024
- 50LPH Aquabase XD122 watermaker
- Reverse cycle Air con
- Raymarine Electronics
- Hero 4 PAX Liferaft (new 2022)
- Serviced every 100hrs
- Onan Cummins E-QD 11KVA Genset
- Bose and Fusion stereo audio units

This vessel is in excellent overall condition and ready to provide immediate cruising pleasure. For more information and to organise a viewing call the team at SMB today.
