Description

The Southerly Yachts are highly regarded and seriously sought after cruising yachts, not just for their impeccable build quality but they also feature a very clever Swing Keel enabling owners to get close in at anchorage with a draft of only 0.88cm, yet at sea for extra stability and performance the keel can be lowered to a staggering 3.13m.

'Harlequin3' is a one owner yacht that has been beautifully maintained and looked after, her owners over saw the original build and added some very clever electrical systems and seriously considered all aspects when it came to building their perfect blue water cruising yacht, many of her great features include:

- Furling Boom Mainsail
- Dual Jib and Genoa Furler
- 1500W Victron Charging System
- 800w Solar Panels
- Stainless Steel Davits
- Hydraulic Swim Platform with Storage
- Rigging Replaced in September 2025
- Antifoul Completed in March 2026
- Huge 409L Fuel capacity
- 3m Rigid Inflatable + Honda 2hp
- 36kg Excel Plough Anchor

These yachts rarely come to market and you will be hard pressed to find one in such immaculate condition as is 'Harlequin3', if you are looking for the ultimate Bluewater cruising yacht, a yacht that feels safe, is reliable and turns heads at every anchorage, do not delay and risk missing this stunning yacht.

Please contact the team at SMB today to organise a viewing or for further information, we look forward to showing you

over this gorgeous yacht.
