## Vessel Overview

2018 Riviera 445 SUV | Twin Volvo IPS600 | Approx. 450 Hours

An exceptional opportunity to secure a beautifully presented 2018 Riviera 445 SUV—one of Riviera's most sought-after models, combining genuine offshore capability with effortless single-level entertaining.

Powered by twin 435hp Volvo Penta IPS600 diesels with approximately 450 hours, *Encore* offers excellent performance, fuel efficiency and easy joystick control from both the helm and cockpit docking station. The IPS seals were completed in February 2026, together with antifouling and Propspeed.

The spacious cockpit features teak decking, an integrated BBQ station with sink and storage, an icemaker and a hydraulic swim platform that creates an ideal waterside entertaining area. Wide side decks provide easy access forward, while the cockpit awning and Euro extension offer excellent protection from the elements.

Opening the stainless-steel saloon door and hopper window creates one flowing indoor-outdoor living space. Inside, the well-appointed galley includes dual refrigeration capacity, a convection microwave, dual-element cooktop and dishwasher. Air conditioning throughout, upgraded upholstery and a Hi/Lo saloon table ensure comfortable cruising in every season.

Accommodation comprises two private cabins, two bathrooms and sleeping capacity for up to 7. The full-beam aft stateroom benefits from opening portholes, while both cabins feature their own television and entertainment facilities.

At the helm, twin Garmin/Volvo Glass Bridge displays are supported by GPS, chartplotter, autopilot, depth sounder and cockpit camera. Additional equipment includes a 9.5kW generator, 300W solar system, remote spotlight, automatic fire-suppression system, Muir anchor winch and high-pressure freshwater washdown.

Well maintained, comprehensively equipped and ready to enjoy, *Encore* represents an excellent opportunity for buyers seeking a late-model Riviera SUV without the wait or cost of a new vessel.

A tender and outboard are also available by separate negotiation.
