- Separate Shower Stall
- Forward Facing Nav Station
- Convertible Dinette
- Cherry or Teak Interior Choices
- Large Cockpit Locker
- Excellent Cruising Performance Hull and Rig Design

Today's fast paced lifestyle leaves few sanctuaries of solitude. Whether you are a day sailor or serious cruiser, the new Marlow Hunter 37 is designed to please. Her superior sailing characteristics are honed from her 66 predecessors to emerge from our design center. Built in the United States, she is crafted by people who understand and respect the sea.

The new MH37 features a huge volume interior that offers a generous aft cabin with front and side access and en-suite head/shower. The galley has a large Corian countertop surface area, with considerable storage for longer journeys. Plus, great living areas, matching many 40 footers.

The MH37 is designed to be easily managed by a couple. Traveler controls, jib sheets, and halyards are all conveniently accessed from the cockpit or helm position. Her larger main and smaller headsail combination are also easier to control. Similar to our popular 40, we've incorporated a hard chine in the hull shape to increase form stability while creating more interior space.

Come view her today at your regional boat show or your local Marlow Hunter dealer. See further details at: www.marlow-hunter.com.

Marlow Hunter 37 Specifications

Length Overall	39'9"	12.12 m	Displacement, Shoal	18,995 lbs	8,616 kg	Headroom	6'6"	1.98 m
